What to expect from the Tri-Regional Blind-Low Vision Program (BLV)

Referral to BLV

 Services can begin immediately while waiting for vision diagnosis to be confirmed by Opthamologist

Early Childhood Vision Consultant (ECVC)

- Works with the child and family at their home
- Provides support to Early Childhood Educators if the child is in child care
- Develops goals for the child with the family
- Collaborates with other care team members on goals
- Provides strategies for daily activities

Discharge Planning

 ECVC supports a transition to school with family, school boards, and other agencies involved with the child/family

Family Support Worker (FSW)

A FSW is a social worker who supports families **as needed** with accessing additional resources, information, and/or referrals to other programs/agencies. Families will be asked for consent to involve FSW when they are referred to the BLV program.
